

Kroff Chemical Company Mine Drainage Treatment Product Line

Product	Category	Description	Use
KR-30DL	Heavy metals precipitants	Alkalinity booster	Winterized – Used to raise pH
KR-30L	Heavy metals precipitants	Alkalinity booster	Used to raise pH
KR-B9935	Heavy metals precipitants	Strong oxidizing agent	Used to precipitate iron
KR-B8800	Heavy metals precipitants	Strong oxidizing agent	Used to precipitate aluminum
KR-B8801	Heavy metals precipitants	Strong oxidizing agent	Winterized version of KR-B8800
KR-B8802	Heavy metals precipitants	Strong oxidizing agent	Used to precipitate aluminum
KR-B8804	Heavy metals precipitants	Strong oxidizing agent	Used to precipitate aluminum
KR-DF303C	Defoamer		Standard foam control
KR-DF310C	Defoamer		Standard foam control
KR-DF330C	Defoamer		Standard foam control
KR-DP0446	Defoamer		Freeze-protected foam control
KR-DP002	Descale	Staining control	For calcium sulfate control
KR-DP004	Descale	Staining control	For calcium sulfate, calcium carbonate and iron control
KR-DP0168	Descale	Staining control	For calcium carbonate and iron control
KR-DP0169	Descale	Staining control	For calcium carbonate control
KR-DP0184	Descale	Staining control	For iron control
KR-F6080	Flocculant	Solids settling	Cationic floc log
KR-F9080	Flocculant	Solids settling	Nonionic floc log
KR-F3380	Flocculant	Solids settling	Anionic floc log
KR-F3310	Flocculant	Solids settling	For iron, manganese and aluminum settling
KR-F3312	Flocculant	Solids settling	Winterized version of KR-F3310
KR-F6000	Flocculant	Solids settling	For coal fines and clays settling
KR-C1620	Coagulant	Floc formation	Improve solids settling
KR-C1630	Coagulant	Floc formation	Improve solids settling
KR-C1650	Coagulant	Floc formation	Improve solids settling
KR-C1680	Coagulant	Floc formation	Improve solids settling
KR-C2320	Coagulant	Floc formation	Improve solids settling
KR-C2370	Coagulant	Floc formation	Improve solids settling
KR-C2570	Coagulant	Floc formation	Improve solids settling
KR-C1627	Coagulant	Floc formation	Winterized KR-C1620
KR-C2227	Coagulant	Floc formation	Winterized KR-C2320
KR-C5100	Coagulant	Floc formation	Improve solids settling
KR-C5108	Coagulant	Floc formation	Winterized KR-C5100
KR-C5107	Coagulant	Floc formation	Extreme winterized KR-C5100
KR-C6060	Coagulant	Floc formation	For coal fines settling
KR-142L	Algaecide	Microbiocide	Prevents and stops fungus and algae growth
